MAY SUSTAIN HALF.

Indictments Against the Beef-Packing Concerns.

Chicago, Oct. 12.—The hearing of arguments on the demurrers to the indictments returned by the federal grand jury against five of the big packing concerns and 17 of their employees, was closed yesterday and if Judge Humphrey, before whom the arguments have been made, retains his present impression on the case, one-half of the indictments, charging the packers with conspiracy in restraint of trade, will be sustained and the remaining counts overruled. When it was announced that the case had been closed, Judge Humphrey said:

"As it now looks to the court, the odd-numbered counts are sufficient and the even-numbered counts insufficient. There may be a change in my mind before I give my decision."

The odd-numbered indictments charge conspiracy among the defendants in restraint of trade. The even-numbered counts charge a monopoly. The first count in the indictment is not to be considered in the decision of Judge Humphrey. As to this count the packers are to plead not guilty and go to trial immediately.
